Chi-Kuang Yeh, PhD 葉啓光

Assistant Professor of Statistics, Georgia State University
Department of Mathematics and Statistics
25 Park Place, Room 1407, Atlanta, GA 30303, USA
cyeh@gsu.edu | chikuang.github.io

Last updated: November 13, 2026

Professional Appointments

2025– Assistant Professor, Department of Mathematics and Statistics, Georgia State University (GSU), GA, USA.

2026– Associate Faculty, Brains & Behavior Faculty, Neuroscience Institute, GSU, GA, USA.

2025– Associate Faculty, Center for Cosmic Ray Studies, GSU, GA, USA.

2024–25 CANSSI Distinguished Postdoctoral Fellow, Department of Mathematics and Statistics, McGill University, QC, Canada.
Mentors: Peijun Sang, Archer Yi Yang, Qihuang Zhang & Celia M. T. Greenwood

2023–24 CANSSI Distinguished Postdoctoral Fellow, Department of Statistics and Actuarial Science, University of Waterloo (UWaterloo), ON, Canada.
Mentors: Peijun Sang, Archer Yi Yang, Qihuang Zhang & Celia M. T. Greenwood

2023–25 Associate Postdoctoral Fellow, Mila – Quebec AI Institute, QC, Canada.
Host: Archer Yi Yang

2024 Sessional Instructor, UWaterloo, ON, Canada.

2018–25 Member, Waterloo Health Data Science Lab, UWaterloo, ON, Canada.
Host: Joel A. Dubin

2019–20 Statistical Consultant, Statistical Consulting and Collaborative Research Unit and the Survey Research Centre, UWaterloo, ON, Canada.
Director: Martin Lysy

Education

2023 **PhD in Statistics**, University of Waterloo, ON, Canada
Supervisors: Gregory Rice & Joel A. Dubin
Thesis: *Methods in Functional Data Analysis: Forecast Evaluation, Robust Serial Dependence Measures, and a Spatial Factor Copula Model*

2018 **MSc in Statistics**, University of Victoria (UVic), BC, Canada
Supervisor: Julie Zhou
Thesis: *Optimal Regression Design under Second-order Least Squares Estimator: Theory, Algorithm and Applications*

2016 **BSc (Honours) in Mathematics and Statistics**, minor in Computer Science, University of Victoria, BC, Canada

Research Areas

Methodology

Functional data analysis; statistical machine learning and high-dimensional inference; dependence modelling; optimal design of experiments.

Applications

Biomedical and industrial data; neuroscience; drug development; finance; astronomy and physics.

Publications

** indicates a student author; + indicates alphabetical author order.*

Journal Article

Liu, S., **Yeh, C.-K.**, Zhang, X., Tian, Q. & Li, P. (2025). Positive and unlabeled data: Model, estimation, inference, and classification. *Journal of the American Statistical Association*, *120*, 2547–2558. [LINK].

Grants and Research Support

Under Review

2026 **NAIRR Pilot Project**, Co-PI (PI: Ziyang Song, Ohio University), *Evidence-Grounded Counterfactual Agents for Drug Discovery*, submitted, October 4, 2026. Amount requested: US$7,165 in AWS credits, plus 54,000 GPU allocation hours and 10 TB of storage over 12 months.

Funded

2026 **Advancing Research Innovation and Scholarly Excellence (ARISE)**, Georgia State University, *Global Muon Detector Network for Monitoring Space and Terrestrial Weather: From a Planetary Observatory to the Atlanta Classroom*, funding approved November 2, 2026.
ChatGPT for Academic Researchers, OpenAI, approved October 14, 2026; in-kind subscription support.
Claude Computational Research Program, awarded.

Not Funded

2026 **Seed Grant**, Georgia State University, FY27–28 Faculty Internal Grants Program, Cycle 1; submitted September 2, 2026; declined November 2, 2026.
NSF X-Labs, written proposal submitted July 13, 2026; declined August 20, 2026.
NVIDIA Academic Grant Program, declined May 5, 2026.
Brains & Behavior Seed Grant, GSU internal grant, declined April 17, 2026.

Fellowships

2023–25 CANSSI Distinguished Postdoctoral Fellowship, Canadian Statistical Sciences Institute ($70,000 CAD/year) [news]

Awards & Honours

2026 New Researcher Award (at Spring Research Conference), National Institute of Statistical Sciences ($125 USD) [news]
2025 Best Paper Award, Statistics in Biosciences, Springer ($1,000 USD)
2025 Best Presentation Award, (Bio)Statistics Research and Career Day, McGill University
2021–23 Queen Elizabeth II Graduate Scholarship, Government of Ontario ($30,000 CAD)
2020–23 President's Graduate Scholarship, University of Waterloo (UWaterloo) ($45,000 CAD)
2022 Statistics and Actuarial Science Best Research Presentation Prize, SAS Research Presentation day, UWaterloo ($500 CAD)
2020–21 Ontario Graduate Scholarship, Government of Ontario ($15,000 CAD)
2018–21 Mathematics Domestic Doctoral Award, UWaterloo ($20,000 CAD)
2018–20 Mathematics Domestic Graduate Scholarship, UWaterloo ($12,000 CAD)
2019–22 Statistics & Actuarial Science Chair's Award, UWaterloo ($5,000 CAD)
2019 University of Waterloo Graduate Scholarship, UWaterloo ($1,000 CAD)

2018 Student Travel Award, Statistical Society of Canada ($150 CAD)
2018 Graduate Student Conference Travel Grant, UVic ($500 CAD)
2018 CUPE Conference Travel Award, UVic ($250 CAD)
2017–18 Faculty of Graduate Studies Scholarship, UVic ($6,000 CAD)
2017 Florence and Wallace Wilkinson Memorial Award, UVic ($3,370 CAD)
2016 University Scholarship, UVic ($4,000 CAD)
2010 Summit Entrance Scholarship, Simon Fraser University ($3,500 CAD)

Presentations

Plenary Talks

2026-1 **Single and multi-objective optimal designs for group testing experiments**, February 21, Georgia Scientific Computing Symposium, University of Georgia, GA, USA.

Invited Talks

2026-1 **Auditing LLM-as-a-Judge with Positive and Unlabelled Learning**, November 1, SLDS 2026: Inference and Intelligence, New York Marriott at the Brooklyn Bridge, New York City, NY, USA.
2 **Single and multi-objective optimal designs for group testing experiments with a focus on screening for an infectious disease**, May 29, New England Statistics Symposium, University of Connecticut, Storrs, CT, USA.
3 **Optimal group testing experiment with single and multiple objectives** (*NISS New Researcher Award*), May 26, SRC 2026, Clemson University, Clemson, SC, USA.
4 **Optimal group testing experiment with single and multiple objectives**, February 26, Departmental Seminar, New Jersey Institute of Technology, Newark, NJ, USA.
2025-1 **Robust serial-dependence measure for functional time series**, May 21, Departmental Seminar, Department of Mathematics and Statistics, Concordia University, Montreal, QC, Canada.
2 **Positive and unlabelled data: model, estimation, inference, and classification**, February 19, Departmental Seminar, Department of Epidemiology, Biostatistics and Occupational Health, McGill University, Montreal, QC, Canada.
3 **Methods for dependent functional data in biomedical and industrial applications**, February 4, Departmental Colloquium, Department of Mathematics and Statistics, University of South Florida, Tampa, FL, USA.
4 **Methods for dependent functional data in biomedical and industrial applications**, January 31, Departmental Colloquium, Department of Mathematics and Statistics, GSU, Atlanta, GA, USA.
5 **Methods for dependent functional data in biomedical and industrial applications**, January 29, Departmental Colloquium, Department of Mathematical Sciences, University of Texas El Paso, El Paso, TX, USA.
6 **Methods for dependent functional data in biomedical and industrial applications**, January 8, Departmental Colloquium, School of Mathematical and Statistical Sciences, Clemson University, Clemson, SC, USA.
2024-1 **Methods for dependent functional data in biomedical and industrial applications**, December 4, Departmental Colloquium, Department of Statistics, University of Missouri, Columbia, MO, USA.
2 **Methods for dependent functional data in biomedical and industrial applications**, November 26, Departmental Colloquium, University of Manitoba, Winnipeg, MB, Canada.
3 **Evaluating real-time probabilistic forecasts for sports games outcome prediction**, June 8, ICSA-Canada Chapter Symposium, Crowne Plaza Niagara Falls-Fallsview, Niagara Falls, ON, Canada.
4 **Mass spectrometry data: a spatial functional data approach**, June 5, Statistical Society of Canada Annual Meeting, Memorial University of Newfoundland, St. John's, NL, Canada.
5 **Robust serial dependence measures of a functional time series**, February 23, UVic–PIMS data science

seminar series, University of Victoria (hybrid), Victoria, BC, Canada.

2023-1 **Functional spherical autocorrelation: robust autocorrelation estimation of a functional time series**, July 17, ISI World Statistics Congress, Ottawa, ON, Canada.

2 **Functional spherical autocorrelation: a robust estimate of the autocorrelation of a functional time series**, March 8, Institution of Statistics Seminar, Academia Sinica, Taipei, Taiwan.

Contributed Talks

2025-1 **Evaluating real-time probabilistic forecasters for sports games outcome prediction** (*Best Presentation Award*), May 9, (Bio)Statistics Research and Career Day, McGill University, QC, Canada.

2024-1 **Positive and unlabeled data: model, estimation, inference, and classification**, September 10, CANSSI Quebec's Postdoc Day 2024, Concordia University, QC, Canada.

2023-1 **Functional spherical autocorrelation: robust autocorrelation estimation of a functional time series**, August 7, Joint Statistical Meetings, Toronto, ON, Canada.

2 **Functional spherical autocorrelation: robust autocorrelation estimation of a functional time series**, May 29, Statistical Society of Canada annual meeting, Carleton University, Ottawa, ON, Canada.

2022-1 **Functional spherical autocorrelation: a robust estimate of the autocorrelation of a functional time series**, October 15, Third Waterloo Student Conference in Statistics, Actuarial Science and Finance, ON, University of Waterloo (UWaterloo), Canada.

2 **Projection based model validation and identification methods for functional time series**, June 2, Statistical Society of Canada Annual Meeting, Virtual.

3 **Projection based model validation and identification methods for functional time series**, March 11, Statistics and Actuarial Science Virtual Research Presentation Day, UWaterloo, ON, Canada.

2021-1 **Evaluating real-time updated probabilistic forecasts with application to National Basketball Association outcome prediction**, June 10, Statistical Society of Canada Annual Meeting, Virtual.

2 **Evaluating real-time updated probabilistic forecasts with application to National Basketball Association outcome prediction** (*Best Presentation Award*), February 5, Statistics and Actuarial Science Virtual Research Presentation Day, UWaterloo, ON, Canada.

3 **Evaluating the performance of continuously updated probabilistic forecasts with application to National Basketball Association**, January 20, Student Seminar Series, Department of Statistics and Actuarial Science, UWaterloo, ON, Canada.

2020-1 **Evaluating probabilistic forecasts with an application in National Basketball Association**, Health Data Science Lab, UWaterloo, ON, Canada.

2019-1 **Properties of optimal regression designs under second-Order least squares estimator**, Waterloo Student Conference in Statistics, Actuarial Science and Finance, UWaterloo, ON, Canada.

2 **Current and past research conducted on freely available multi-center (eICU) and single-center (MIMIC's) databases for critical care research**, Health Data Science Lab, UWaterloo, ON, Canada.

2018-1 **Properties of optimal regression designs under second-order least squares estimator** (*SSC Student Travel Award*), Canadian Statistics Student Conference, McGill University, QC, Canada.

2 **Optimal regression designs under the second-order least squares estimator**, Joint Statistical Meetings, Vancouver, BC, Canada.

2017-1 **On particle swarm optimization algorithm to solve statistical problems**, Department of Mathematics and Statistics, UVic, BC, Canada.

Student Presentations *(* indicates a student presenter)*

2026-1 **PUAudit: Quantifying and Auditing LLM Evaluation via Positive–Unlabeled Learning**, October 5, by *Zilong Zhang, Hung, Y.-T., Ding, L. and **Yeh, C.-K.**, Georgia Statistics Day 2026 (poster presentation), George Tower, Georgia Tech, Atlanta, GA, USA.

2 **Conformal Prediction for Reliable Standard and Advanced Retrieval-Augmented Generation** (*Honourable Mention*), October 5, by *Muhammad Aimal Rehman and **Yeh, C.-K.**, Georgia Statistics Day 2026 (poster presentation), George Tower, Georgia Tech, Atlanta, GA, USA.

3 **Closed-Form Confidence Intervals for Cost-Effectiveness Ratios under Right Censoring**, October 5, by *Wenpu Ma, Qin, G. and **Yeh, C.-K.**, Georgia Statistics Day 2026 (poster presentation), George Tower, Georgia Tech, Atlanta, GA, USA.

4 **Classifying Pitches in Collegiate Baseball**, August 29, by *Sierra Doherty and **Yeh, C.-K.**, Sabermetrics, Scouting and the Science of Baseball, Chicago, IL, USA.

5 **Design and Evolution of a Low-Cost Readout System for a Global Cosmic Ray Detector Network for Space Weather Monitoring**, April 28, by *Tharindu G. Hettiarachchi, H. A., He, X., Mudiyanselage, E. H., Sadykov, V. M., Singh, T. and **Yeh, C.-K.**, Space Weather Workshop 2026, Boulder, CO, USA.

6 **gLOWCOST Cosmic Ray Muon Detector Network Response to the Space Weather Events of November 2025 and January 2026**, April 28, by *Mudiyanselage, E. H., He, X., Hettiarachchi, T., Sadykov, V. M., Sanjib, K. C., Singh, T. and **Yeh, C.-K.**, Space Weather Workshop 2026, Boulder, CO, USA.

7 **Inference for the Incremental cost-effectiveness ratio (ICER) under right censoring**, February 11, by *Ma, W., Qin, G. and **Yeh, C.-K.**, 4th Annual Graduate Conference for Research, Scholarship and Creative Activity, GSU, GA, USA.

2025-1 **Development of a low-cost, temperature-compensated readout system for global Muon detector network**, December 16, by H. A. *Tharindu G. Hettiarachchi, X. He and E. H. Mudiyanselage and V. M. Sadykov, T. Singh and **Yeh, C.-K.**, AGU25, New Orleans Ernest N. Morial Convention Center, New Orleans, LA, USA.

2 **East-west asymmetry in cosmic ray Muon flux as a probe of geomagnetic field changes**, December 16, by *Mudiyanselage, E. H., He, X., Hettiarachchi, T., Sadykov, V. M., Singh, T., and **Yeh, C.-K.**, AGU25, New Orleans Ernest N. Morial Convention Center, New Orleans, LA, USA.

Teaching Experience

Instructor – Georgia State University

2027 **Bayesian Data Analysis**, Spring (scheduled).

2026 **Linear Statistical Analysis I**, Fall.

2026 **Computational Methods in Statistics**, Fall.

2026 **Bayesian Data Analysis**, Spring (14 students; 4.5/5).

2026 **SAS Programming & Data Analysis**, Spring (23 students; 4.6/5).

2025 **Computational Methods in Statistics**, Fall (18 students; 4.8/5).

Instructor – University of Waterloo

2024 **Probability**, Winter (4.5/5).

Course Development – University of Victoria

Data Science (Spring 2018)

Guest Lecturing – University of Victoria

"Introduction to R Markdown and LaTeX" in Stat 353 Applied Linear Regression, Host: Laura L.E. Cowen (2017 Fall).

Tutorial Instructor

University of Waterloo

Statistics (2019 Spring & Winter).

University of Victoria

Data Science (Spring 2018), **Calculus I – Pathway/ESL** (2017 Fall).

Teaching Assistant

University of Waterloo

Applied Linear Models (2022 Fall, 2020 Fall & Spring), **Sampling Theory and Practice** (2022 Winter), **Applied Probability** (2021 Fall & Spring), **Forecasting** (2021 Winter & Fall, 2019 Spring), **Experimental Design** (2018 Fall), **Statistics** (2018 Fall, 2019 Winter & Spring), **Theoretical Time Series** (2021 Winter), **Mathematical Statistics** (2019 Winter).

University of Victoria

Statistics for Life Sciences I (2018 Summer, 2014 Fall), **Data Science** (Spring 2018), **Finite Mathematics** (2018 Spring), **Calculus I – Pathway** (2017 Fall, 2015 Spring), **Calculus for Social and Biological Science** (2017 Spring, 2015 Fall), **Introductory to Probability and Statistics I** (2016 Fall), **Calculus II** (2015 Fall), **Logic and Foundation** (2014 Fall).

Teaching Development – University of Victoria

2017 **Teaching Assistant Conference Certificate**, Learning and Teaching Centre (LTC), UVic
Teaching Assistant ProD Certificate, LTC, UVic
Teaching for International Student Certificate, LTC, UVic
Teaching Fundamental Certificate, LTC, UVic.

Langara College

2012–13 **Math & Stats Activity Centre**, Mathematics Tutor, Langara College, Vancouver, BC, Canada.

Student Supervision and Mentoring

At Georgia State University

2025– **Wenpu Ma**, PhD student in Biostatistics (co-supervisor: Gengsheng Qin)
2025– **Zilong Zhang**, PhD student in Machine Learning and Data Science
2026– **Kalen Jinnah**, MSc student in Applied Statistics
2026– **Zhe Zhong**, MSc student in Applied Statistics
2026– **Muhammad Aimal Rehman**, MSc student in Applied Statistics
2026– **Seoyoung Kim**, MSc student in Applied Statistics
2026 **Sierra Doherty**, MSc student in Applied Statistics
2026 **Zhili Lu**, MSc student in Applied Statistics

Undergraduate Students

Devarsh Bandla, an undergraduate student in the Honors College, is working on sports analytics, with a focus on basketball.
Sanjay Lakshminarayanan, an undergraduate student majoring in Computer Science and Mathematics, is working on time series forecasting problems through the RIMMES Program.

Outside Georgia State University

2025–26 **Yi Xing Hu**, MSc graduate in Human Genetics, McGill University, Canada
2023–26 **Mengqi Xu**, PhD student in Statistics (Biostatistics), UWaterloo, Canada.
2023–24 **Tatiana Krikella**, PhD candidate in Statistics (Biostatistics), UWaterloo, Canada. Subsequent positions: CANSSI Distinguished Postdoctoral Fellow; Assistant Professor, Teaching Stream, University of Toronto. [interview]

Dissertation Committee

2026– **Enosh Herath Mudiyanselage**, PhD candidate in Physics, Supervisor: Xiaochun He, GSU. Prospectus presentation passed May 19, 2026.

2026 **Yisa Adeniyi Abolade**, PhD candidate in Biostatistics. Supervisor: Yichuan Zhao, GSU. *Thesis defence passed July 24, 2026.*

2026 **Shirui Wang**, PhD candidate in Biostatistics. Supervisor: Gengsheng Qin, GSU. *Thesis defended June 19, 2026.*

2025–26 **Sihan Jia**, PhD candidate in Biostatistics. Supervisor: Gengsheng Qin, GSU. *Thesis defended June 12, 2026.*

Comprehensive Examinations

2025 **Computational Methods in Statistics**, Fall; two PhD candidates.

Service and Outreach

Organizing and Professional Service

2026-1 **SLDS 2026: Inference and Intelligence**, November 1–3, Session Chair and Organizer, New York Marriott at the Brooklyn Bridge, New York City, NY, USA.

2 **SLDS 2026: Inference and Intelligence**, November 1, Student Poster Judge, New York Marriott at the Brooklyn Bridge, New York City, NY, USA.

3 **The Seventh ICSA-Canada Chapter Symposium**, August 7–9, Session Organizer, McGill University, Montreal, QC, Canada.

4 **2026 SPES + Q&P Student Paper Competition**, Reviewer, Joint Statistical Meetings, Boston, MA, USA.

5 **International Conference for Statistics and Data Science**, July 24, Session Chair, National Cheng Kung University, Tainan, Taiwan.

6 **Spring Research Conference**, May 26–28, Session Chair, Clemson University, Clemson, SC, USA.

7 **11th Workshop on Biostatistics and Bioinformatics**, May 8–10, Session Chair, GSU, Atlanta, GA, USA.

8 **Georgia State University Undergraduate Research Conference (GSURS) 2026**, April 6, Judge, Student Center East, GSU, Atlanta, GA, USA.

9 **4th Annual Graduate Conference for Research, Scholarship, & Creative Activity**, February 11, Judge, Student Center East, GSU, Atlanta, GA, USA.

2025-1 **Statistical Inference Discussion Group**, September–December, Organizer, GSU, GA, USA.

2 **Graduate Program Fair**, Departmental Representative (along with R. Jeter, I. Belykh, Z. Li and M. Grinshpon), October 29, Session Organizer, GSU, GA, USA.

2023–24-1 **Transfer Learning Reading Group**, Co-organizer, UWaterloo, Canada.

2024-1 **The Sixth ICSA-Canada Chapter Symposium**, Volunteer, Crowne Plaza Niagara Falls-Fallsview, Niagara Falls, ON, Canada.

2 **Statistical Society of Canada Annual Meeting**, Student Poster Judge, St. John's, Newfoundland and Labrador, Canada.

3 **The Twelfth Annual Canadian Statistics Student Conference**, Judge, St. John's, NL, Canada.

2023-1 **Fourth Waterloo Student Conference in Statistics, Actuarial Science and Finance**, Judge, UWaterloo, ON, Canada.

2020–23-1 **Student Seminar Series**, Organizer, Department of Statistics and Actuarial Science, UWaterloo, ON, Canada.

2022-1 **Third Waterloo Student Conference in Statistics, Actuarial Science and Finance**, Organizing Committee and Session Chair, UWaterloo, ON, Canada.

2 **ASA Datafest**, Mentor, American Statistical Association, UWaterloo, ON, Canada.

2020-1 **Second Waterloo Student Conference in Statistics, Actuarial Science and Finance**, Organizing Committee and Session Chair, UWaterloo, ON, Canada.

2019-1 **First Waterloo Student Conference in Statistics, Actuarial Science and Finance**, Organizing Committee and Session Chair, UWaterloo, ON, Canada.
2018-1 **Joint Statistical Meeting**, ICSA Booth Volunteer, Vancouver Convention Centre, BC, Canada.

Journal and Conference Reviewing

2026-1 Statistics and Computing
2 Austrian Journal of Statistics
3 Journal of Statistical Computation and Simulation
4 ACM Transactions on Probabilistic Machine Learning
5 Journal of Nonparametric Statistics
6 Journal of Computational and Graphical Statistics
7 Econometrics and Statistics
8 Journal of the American Statistical Association
9 NeurIPS 2026 Workshop GenAI4Health
2025-1 Canadian Journal of Statistics
2 Journal of Computational and Graphical Statistics
3 Journal of Nonparametric Statistics
4 Entropy
2024-1 The American Statistician
2 Statistical Papers
2023-1 Computational Statistics & Data Analysis
2 The American Statistician
2022-1 TEST

Departmental Service

2026-1 **Graduate Programs Fair**, October 29, Booth Volunteer for the Department of Mathematics and Statistics, Student Center East, GSU, Atlanta, GA, USA.
2 MLDS Undergraduate Program Development, Committee Member
3 MATH 4770/6770 AI-Powered Data Science, course co-developer
4 STAT 8670 Computational Methods in Statistics, course redesigner

Professional Memberships

2018– Statistical Society of Canada
2018– International Chinese Statistical Association
2018– American Statistical Association
2018–22 Western North American Region of the International Biometric Society
2019–24 Eastern North American Region of the International Biometric Society

Media Coverage

2026 NISS New Researcher Awardees to Present Invited Talks at 2026 Spring Research Conference
2023 CANSSI Distinguished Postdoctoral Fellowship announcement
